

FMHS Hub Quick Start Guide

There is no one right way to use the FMHS hub, ePortfolio and teaching rubric. However, this guide will help you to get started and provide suggestions for how to make best use of these resources.

Teaching Rubric

The teaching performance rubric is aligned with the University's teaching performance guidelines. The rubric can be used to evaluate current teaching performance and to identify areas that might be improved and enhanced. Visit the teaching performance page at <https://www.fmhshub.auckland.ac.nz/23.html> for more information.

FMHS Hub

Once you have identified areas where you would like to improve / enhance your teaching you can visit the corresponding module on the hub. For example, if you identify that you want to improve the delivery of your teaching to facilitate learning you can visit the corresponding hub module. Visit the hub overview page at <https://www.fmhshub.auckland.ac.nz/22.html> for more information on the hub.

myPortfolio

myPortfolio is an online space where you can keep a record of the changes that you make to your teaching. You can also record / upload information that evidences what happened as a result of the changes that you made. You can use myPortfolio records for your Annual Performance Review and for your promotion and continuation applications. Visit the ePortfolio overview page at <https://www.fmhshub.auckland.ac.nz/12.html> for more information on myPortfolio.
